A Tribute to **RALPH LAUREN** 50 Years of Tastemaking

I don't know about you, but I'm full of pride and patriotism at the accomplishments of our US athletes at this summer's Rio Olympics. From Simone to Michael to English to Kerry & April, 121 medals tell all of us that yes, America is and always will be great!

And what designer represents rugged American spirit more than Ralph Lauren? He and his ubiquitous pony outfitted our athletes in the opening ceremonies - his style ever-classic and very much American.

Lauren's elegant, traditional and timeless design elements seem to be everywhere. In all he does, we see tasteful lines, sumptuous, rich materials creating pieces that are current right now but also stand the test of time.

As we ease into September and savor the last remnants of summer, here are some delightful images to inspire, from our very own style icon and tastemaker, Ralph Lauren, one of the most talented creative forces of our time.

When you need design help or a consultation, please do not hesitate to call.
